CLUB SUMMARY REPORT

The purpose of the Leavenworth County 4-H Summary Report is to assist 4-H Clubs in planning and evaluating their yearly club program. It is hoped that the options given in the Summary Report will allow flexibility and creativity in planning club programs, while giving support to the county 4-H program as well.

4-H educational experiences are designed to help 4-H members learn the five basic “life skills” they will always use.

RELATING TO OTHERS - having fun together, working as a team, taking on responsibility, and making friends.

USING KNOWLEDGE, SKILLS AND VALUES IN MAKING DECISIONS - working in groups with other children or as they set goals and work independently on projects.

DEVELOPING AN INQUIRING MIND - helping children develop their curiosity and enthusiasm for finding out about their world and it's people.

CARING FOR THE COMMUNITY - helping young people as they mature and their awareness broadens to develop a concern for their community and for others who live in it.

BUILDING SELF CONFIDENCE - supporting young members as they learn new skills and see the strides they are making with the support and help of interested adults.

At the end of the 4-H year, the 4-H Summary Report should provide an opportunity for club members and leaders to work together to recognize their accomplishments and progress.
